

Rhonda Sweeney

I wanted to make bookkeeping services affordable for small business owners & individuals that need help.

We offer quality bookkeeping and accounting services at a price every small business can afford. Additionally, we offer some individual services such as a Personal Money Manager or Personal Accountant.

I have a passion for helping people who may have some trouble staying on budget. Writing budgets and working with individuals and companies to get them on track to saving money and/or making a profit!

You can count on us with strict confidentiality and high ethic standards. From start-up to growing your business, our services will help you meet all your expectations through the years.

Do you know what you need to do for your tax returns? Are you registered with the State and Federal agencies correctly, whether it's your business or you personally? We can help you get organized and current with the information and forms you need for your financial status.

Services

- Accounts Payable Processing
- Accounts Receivable Processing
- Set Up Accounting Program
- Payroll Resources
- Consulting
- Training

It's All About the Numbers!

...especially when it comes to your Business or Personal Finance Management.

We offer professional support in a variety of financial areas!

We are truly a "Partner" working together and meeting your financial management needs.

Bookkeeping & Accounting

There is so much to keep track of, if you have employees.

We can help you keep track of it all and follow generally accepted accounting practices (GAAP) so that you can remain competitive in today's business climate.

Our bookkeeping services allow you the freedom to focus on your business rather than sort through the endless paperwork of invoices and bill payments, filing sales and use taxes or payroll tax reports.

Budgeting

How will you get to where you want to go without a road map?

We can help you with your start-up budgeting, short-term and your two-year, five-year, or other long range planning budgets.

Learning QuickBooks

Have questions on reports and what they mean? Want to do your own data entry but not quite sure if you are doing it right?

We can help you troubleshoot your issues. We will come to your site and help you. We include this service with any monthly bookkeeping and accounting service! We are partners with Intuit and can offer QuickBooks at a reduced price to our clients. Discounted up to 50% off the retail cost.

Consulting

We can help with the questions you have about starting a business

We help you answer the who, what, where and why in your start-up. We also have a wide network of people so that if we can't help you, we can make referrals.

Daily Money Management

A Daily Money Manager does all the same things an accountant does for businesses, but for individuals.

This could be for a wide range of reasons including mental health, age, or a busy lifestyle. We provide accountability, help avoid fees, family conflict and fraud.
